Fiscal Year FY2022 Budget Close-Out

The Commissioners of Poolesville are proud to present the fiscal year end for the 2022 Budget. While the annual budget is comprised of multiple funds, this summary provides highlights to the Town's General Operating Fund, Water & Wastewater Operating Fund and Debt Service. Detailed information on each revenue and expenditure figures are included in the following pages.

The FY 2022 Budget, adopted April 18, 2021, was developed with the intent to sustain all level of municipal services, programs and events while maintaining a constant tax rate. The General Fund revenue streams exceed budgeted amounts by \$720,048, mainly due to increased Income Tax and the Montgomery County Revenue Sharing increased allotment. General Operating Budget expenditures totaled \$2,881,453, which was very close to budget projections.

The Water and Sewer Fund operated at \$1,512,578. Expenditures exceed revenues by \$157,170 due to inflationary pressures and increased costs for critical materials and services like, chemicals, sludge hauling and increased fuel on deliverables. The increased expenses were covered by the General Fund.

As part of the adoption of this close-out, an amendment, transferring \$779,275 to the Fisher Avenue Streetscape project will be approved. During the FY22 fiscal year, the Town was awarded a Community Projects grant of \$4,192,720. This transfer will go towards the Town's cost share of the project.

The end of year cash balance was \$8,902,775 of which \$1,337,311 was unrestricted, exceeding the Commissioners long-standing rainy-day fund goals. In conclusion, the FY 2022 Budget addressed the goals and priorities established by the Commissioners of Poolesville for the Town's future. The budget is fiscally sound, addresses needs on a priority basis, and is balanced in accordance with State statutes.

- [1] The Water and Wastewater Fund Summary is divided into two parts:
- * The upper section presents the status of the Operating Account, including yearly revenue, allocations for Capital Projects, the Annual Operating Balance, Unrestricted Funds carried forward, and finally, the Unrestricted Funds Close-Out Balance for the year. Note that the Water and Wastewater Fund Capital Projects are funded by the General Fund, as W&WW revenues are used to cover the Operating Expenses.
 - * The lower section summarizes the activity in the Water & Wastewater Fund Capital Projects Account, including funds carried forward, new funding from the Operating Account, and funding from other sources (including Subsidy from General Funds), all summarized in the total funds available for Water & Wastewater Capital Projects. Actual or Planned Capital Spending is shown, ending in the Funding Balance for Capital Projects.
 - * In an effort to maintain the Water and Wastewater funds as an Enterprise Fund, rates will be raised to fund these operations. As always a critical eye is on spending. However, many of the costs associated with the operations, such as electricity, chemicals and fuel are fixed and are reduced or maintained as much as possible. Over the past years, grants have been received for the installation of variable drive motor controllers and lighting upgrades to reduce electrical demands.

Notes

- [1] This page summarizes the five Capital Projects accounts associated with Water & Wastewater Fund capital expenditures. The summary is divided into three sections as follows:
- * The top part of the page summarizes the costs of the various projects and the overall funding streams developed to implement those projects. Also included in the top section is a summary of all special funding available to augment the regular Funding Subsidy from the General Fund. The bottom line in the top section, Acct. 3000, subtracts the special funding and identifies the Net Amount which has been, or will be, funded by means of a Capital Projects Subsidy from the General Fund Revenues.
 - * The middle part of the page summarizes the programmed expenditures of the funds to accomplish the various capital projects.
 - * The bottom part of the page reflect the remaining balances in each of the accounts at the end of each Fiscal Year.
