DRAFT

Memorandum

March 9, 2022

To: Poolesville Planning Commission
From: Wade Yost, Town Manager
RE: Sheds/Development Standards Amendments

Since the early 90's or even before, the Planning Commission and then staff, had a policy of approving a hybrid of the Zoning code chart below. For example, 2 sheds at 150 sq ft each can be permitted in the 1/3-acre zone, or 1 - 300 sq ft shed would be permitted. No other accessory structure would be allowed.

Similarly, a detached garage could be increased to include the allowable shed square footage; a 750 sq ft garage could be permissible in the 1/3-acre zone.

This would be a notation to the chart, maintains the spirit of the provision and maintains the maximum square footage currently permissible.

Development Standards	PR 1/3	PR 1/2	PR 3/4
Maximum number of accessory buildings, including detached garages	2	2	3
Maximum floor area, accessory building ⁷	150 sq.ft.	240 sq.ft.	400 sq.ft.
Maximum floor area, garage (one per lot, only)	600 sq.ft.	600 sq.ft.	600 sq.ft.

The proposed notation would read:

For sheds, the maximum floor area can combine the allowable square footage for two buildings into one. This will account for 2 accessory buildings.

For detached garages, maximum floor area can include one accessory building square footage. This will account for 2 accessory buildings.

Accessory Building Height needs to be defined with a notation:

Accessory Building height is measured from the ground to the roof peak.

Currently the only building height definition is for residential structures and is confusing and not applicable to accessory structures.

1	We need county services & to keep small businesses open. The ferry MUST re-open. NO MORE development, not even to open up a store. We have TOO MANY storefronts vacant. Especially across from the Liberty gas station. We need a police sub station along with Community Center. We should take ownership of the larger strip mall space so our town can determine which businesses can be where & control the ridiculous prices of rent that have driven business away. And the crazy price increase added to permits by Seth Rivard need to be abolished.	2/25/2022 10:55 PM
2	There are NO opportunities for younger adults--teens, college. There are NO opportunities for seniors/elder adults. WE need some sort of community center - teens/colleges students could earn SSL hours, money for working here, but our community members could have somewhere to go. This is why our teens are loitering at local businesses, realizing Tik Tok challenges, engaging in questionable behavior AND why our seniors are being overlooked.	2/21/2022 11:10 AM

Better infrastructure to support smaller farms, a public center for communal tractors, tractor tools, part-time office ag center is needed.	2/4/2022 9:22 PM

17	I like that there are no stoplights. I love all the parks and the open space. I wish new housing would only be on a minimum of 1 acre. Keep that small town charm - like Hallmark channel. More festivals (music, crafts, wine, farm to table, etc.) to bring people in.	2/3/2022 4:50 PM
18	The ability to keep the current businesses operating due to the loss of the traffic from White's Ferry. The loss of Bassett's is just one example of the negative effect this has had.	2/3/2022 3:45 PM
19	I worry about any potential impact growth would have on local farmland, rivers, and wild life. High density areas have a lot pollution which is not easy to remediate.	2/3/2022 3:33 PM

24	A little concerned about impolitic approach of recent town leaders.	1/27/2022 9:40 AM
25	Considering Poolesville is surrounded by the Ag Reserve, I don't think there needs to be a concern about loss of farmland WITHIN THE TOWN BOUNDARY. What becomes of farmland within the town boundary of Poolesville IS of great interest, particularly ensuring that it is used to address the challenges of the climate crisis and benefits town citizens and nearby residents.	1/25/2022 8:24 PM

27	Get our library open! We need an open library more than a pretty one. Germantown is too far away to adequately serve this community. The library enhances the 'ville which offers little in ways of cultural/personal growth.	1/24/2022 7:34 PM
28	Quit developing tract housing in the ag reserve.	1/24/2022 6:39 PM
29	I would love to see more walking and biking trails.	1/24/2022 4:03 PM
30	Our parks are great & town staff who maintain it & water/sewer are incredible. I don't want to see any more development of new homes. I don't want to see more open land going to businesses either. Dunkin Donuts should have used an existing space in town. Too many unoccupied spaces. I hear nothing but complaints about the owners of these centers and how they are charging crazy rent for our local business owners. I wish the town owned the strip spaces so they could manage the property & control the economic growth. We need a police substation to help control our crime issues.	1/24/2022 3:22 PM
31	The water in this town needs to be filtered! Why is every home forced to spend more money on softeners to protect our pipes? Why cannot the town install an industrial one?	1/24/2022 2:56 PM
32	Historic preservation	1/24/2022 1:46 PM
33	Empty stores should have a strong incentive to rent them out to promote small businesses through a county tax on vacant commercial stores. 43	I'm very concerned about our local government and how open it is to the public.	1/22/2022 6:06 PM
44	Very concerned that we maintain a full commitment to our Ag. Reserve and our status as a farming community, as well as that we never allow Poolesville to fall prey to development and become another Gaithersburg/ Germantown. Very concerned that we get Whites Ferry back up and running and that we never allow Poolesville and the Ag. Reserve to get cut up in pursuit of a bridge and accompanying road systems.	1/22/2022 5:50 PM
45	I have played volleyball at the high school, I would like an adequate net provided when people sign up for that activity.	1/22/2022 11:02 AM
46	I LOVE the character of our town, the sense of community AND the open spaces. I don't want to lose any of those aspects. I do however understand the need for growth. The question remains: Is it possible to grow our town AND maintain those aspects of Poolesville near and dear to our hearts? 49	Lack of needed community facilities other parts of Montgomery County have particularly a community center, some form of facilitated clinic/telemedicine facility, covering the swimming pool so it can be used year round. We have a very walkable community, and compact. We can truly have what county planners are calling a "15 minute" community in which most of the needed services and programs are within a very short walk or even shorter drive. Creating such a community enhances our lives but also helps preserve the Ag Reserve so less driving is needed.	1/21/2022 2:37 PM
50	Very concerned we don't have enough public art	1/21/2022 2:02 PM

61	I'm very concerned about losing the small town identity. Some things have changed since I moved here 3 years ago. I don't want this beautiful town to change for worse.	1/20/2022 7:30 PM
62	The Ferry closure is very concerning	1/20/2022 7:19 PM
63	Very concerned about the loss of Whites Ferry.	1/20/2022 7:19 PM
64	I am concerned that the residents here, that have been here for generations are able to live here comfortably. I believe the farmland should be preserved. I am disappointed however with the character and appearance of our downtown. The buildings that have been preserved and updated are lovely and a joy to see. The buildings that remain but have not been preserved and updated are very depressing to see. There are quite a few. There must be options for preserving our history, but also updating and restoring the center of our town so that it seems more welcoming and consistent with the thankfulness we feel calling Poolesville home.	1/20/2022 6:49 PM
65	I am concerned with preserving the small town character of Poolesville with successful local businesses such as Locals and K-2 and avoiding any more chain stores and restaurants (other than a grocery store) that will inadvertently dilute and deteriorate our sense of town pride and community.	1/20/2022 6:22 PM
66	Wish town would put in walking paths where one could walk a longer distance than the short ones available now; several miles long, paved and in nature; not thru neighborhoods; seems like the golf course property would have been a great place to do that	1/20/2022 5:47 PM
67	In areas where there is no HOA the town should have a responsibility to monitor complaints of people that are not keeping their property up-Too many garbage looking places in the town houses and older developments of Wesmond and Westerly	1/20/2022 5:04 PM
68	Business viability now that the town has many more residents than when we moved here. Maybe the town can have a business plan/viability model document for them to assist. Too many food-related business closures sends negative signal to prospective small business owners (Bassett's, Oriental Gourmet, Watershed, Mooney's, Zaglio's, Printers, Selby's, AHOP being up for sale...)	1/20/2022 4:59 PM
69	Real estate agent commissioners voting in blatant conflict of interest. Honesty and integrity of employees and officials. A comprehensive search for Town Manager and Town Clerk.	1/20/2022 4:36 PM

So maybe bring in more destination events like a music festival, or a beer festival or craft festival. Or a temporary outdoor ice-skating rink in the winter (or build one for that matter) Give outsiders a reason to come. Make it more Hallmarky and people will come.	2/3/2022 4:59 PM

Q13 What are the most critical issues facing Poolesville today and in the future?

Answered: 409 Skipped: 128

#	RESPONSES	DATE
1	Intransigence to development by some. The word "development" doesn't always need to be associated with a huge increase in housing, with little else. Different options should be communicated better.	2/26/2022 4:57 PM
2	Safety and crime	2/26/2022 12:03 PM
3	Waste water & water quality. Keeping small businesses open.	2/25/2022 10:58 PM
4	Infrastructure based on growth	2/24/2022 7:15 PM
5	Lack of grocery and support businesses	2/22/2022 5:16 PM
6	Taking good care of the children who live here: making sure they have good schools, good water and air, safe places to play, places for young adults to gain work experience w/o leaving town	2/22/2022 9:15 AM
7	Keeping schools top in county, making sure too much residential growth doesn't rob of small town community	2/21/2022 8:43 PM
8	growth beyond 6500	2/21/2022 1:14 PM
9	It used to have 25% lower housing costs. Not anymore. New home buyers or single parents (like me) or seniors cannot afford to buy in Poolesville. The housing diversity leans toward 2 family incomes and \$1M+ homes. This is not sustainable for some families.	2/21/2022 11:18 AM
10	keeping our schools	2/21/2022 10:33 AM
11	Lack of grocery stores	2/20/2022 3:56 PM
12	Appropriate development to enhance appeal of town-ie- ugly townhouse development at elementary school, dollar store on Fisher, under use of historical sites and buildings, under integration of magnetic programs into community enhancements/civic projects, accountability of trash collectors	2/20/2022 12:31 PM
13	Too many houses.	2/20/2022 11:41 AM
14	Growth and development of the community mainly with more options for residents to shop and maybe repave some of the roads	2/19/2022 11:56 PM
15	Crime on the rise. Keeping taxes low.	2/19/2022 7:16 PM
16	Water, limiting growth.	2/19/2022 3:03 PM
17	Increase in new homes - burdens EVERYthing: water availability, tree coverage, small town feeling, park facilities, amount of traffic, street/sidewalk repair, etc. Would rather see busing of kids from other communities for our magnet schools rather than developing more housing communities. STOP THE GROWTH. If people want immediate amenities (grocery store, businesses, medical clinic, etc.) they shouldn't be living inside the agricultural reserve.	2/19/2022 8:30 AM
18	Keeping the small town atmosphere, maintaining infrastructure and opening White's Ferry!	2/18/2022 9:56 PM
19	lack of a grocery store more police visibility	2/18/2022 11:53 AM
20	Need grocery store	2/18/2022 7:52 AM
21	not sure	2/18/2022 7:13 AM
22	Too many new houses/development.	2/17/2022 10:16 PM
23	Housing while keeping small town feel/ everyone happy	2/17/2022 9:09 PM
24	Plans for expansion and growth. Plans to continue to build in downtown. Loss of small town	2/16/2022 9:34 PM
25	Access to grocery store and maintaining competitive schools. Not losing its small town character and not becoming overly crowded.	2/16/2022 9:30 PM
26	Too much growth.	2/16/2022 9:19 PM
27	Water quality and quantity. Appropriate level and type of development. Credible government that communicates openly and addresses the needs of the population while trying to bring us together.	2/16/2022 9:13 PM
28	Schools and over development without concern for how to support the development	2/16/2022 9:09 PM

50	utility infrastructure, consistent leadership, training for volunteer board members	2/6/2022 5:46 PM
51	Too much growth	2/6/2022 4:34 AM
52	Developing and maintaining a business friendly atmosphere. Let people run home businesses, somehow there also needs to be space for small businesses to operate that isn't crazy expensive. There are a number of businesses that might want to start here, but the small number of commercial spaces available are either extremely expensive or the business doesn't fit the "strip mall" space that is available.	2/5/2022 9:32 AM
53	more housing developments	2/4/2022 11:11 PM
54	Achieving a sustainable size that nurtures and brings new businesses with higher paying jobs, that sours more government and private sector services. Changes it from now-a bedroom community- to a real town. A new cadre of leaders in town is needed to bring a new vision.	2/4/2022 9:29 PM
55	Over development	2/4/2022 7:35 PM
56	Lack of recreational activities for kids and teens	2/4/2022 5:04 PM

62	Growth	2/4/2022 10:26 AM
63	1. Over development - housing and businesses. There are too many vacant/unused business spaces. They should be utilized/refurbished prior to any new commercial construction. 2. The appearance of the town - people not maintaining their properties (yard up keep, parking on their grass, leaving trash cans out (and uncovered), parking on the street when they have driveways). 3. The need for more sidewalks in older developments (i.e. Westmond and Westerly side streets). 4. Constant power grid issues	2/4/2022 10:11 AM
64	Losing the small town atmosphere and green space due to too much growth	2/4/2022 10:00 AM
65	Stop development NOW. Bike paths No more growth	2/4/2022 8:28 AM
66	Business health in the town	2/4/2022 7:37 AM
67	Town governance: quality & structure. Running a Town is challenging at best -- it takes more than popularity & being "nice." Whether elected or hired the jobs are extremely demanding and REQUIRE skills and time. Time to update/start-fresh -- new structure of paid Town government with succession planning(!) and new qualifications/terms for commissioners. Without changes - - we'll never be able to grow appropriately or attract/retain businesses & residents.	2/4/2022 7:03 AM

157	No ferry or bridge to Virginia. This hurts our local businesses. I think the town never realized that the ferry could close and not just for ice or rain. Virginia wanted a second bridge crossing. Poolesville should have been a voice cheering for that. I think the town got blind sided by the legal fight and they shouldn't have been. It had been in the courts for a long time.	1/24/2022 4:28 PM

179	One of Poolesville's best attributes is also one of its challenges. We are disconnected from many of the basic retail and dining options. We need to regain access to Virginia via the Ferry and we need to continue to work to add independent options locally. We are excited about what Locals can become, but it is sad to lose Bassetts right now too. We would gladly support more local businesses if we can get them.	1/24/2022 1:58 PM

It needs to connect the old part of town that is now isolated by a very narrow stretch of Fisher Avenue to the rest of town. The Willard plan that is now under development could help a lot. Getting the school rebuilt, getting a community center, covering the pool so it is available year round, establishing a facilitated telemedicine facility are all critical. 330	business retention. Small businesses struggle to stay afloat. Bldgs that house the small businesses are not always well maintained (the one at the corner of W Willard and Fischer where Rebecca Munster's business is - the building really needs help; tons of weeds growing from the parking lot pavement - very unattractive). Schools are awesome, but.... as the kids get to be in middle school/high school - there is very little for them to do activity wise. So... they get into mischief. We desperately need a community center that can act as the heart of the community... it would also allow small businesses to offer indoor events on an infrequent to moderately frequent basis that wouldn't be possible if they had to lease space. The biggest downside to living here is that there are a limited number of small businesses - for anything that we don't have covered (which is a lot) it means a 20-30+ min trek one way out of town. Variety..... While I do love the town commons events - majority are oriented more toward families with small (up thru elementary school) children. And so.... my kid isn't that interested in going.	1/20/2022 6:43 PM

390	I'm afraid of it expanding and building in town - impeding on the ag reserve and losing its character and charm as a small town - more building and homes lead to more crime and issues with safety - I think we need to focus within the town and build and strengthen what is here and established already	1/20/2022 3:09 PM

43	I think we have the knowledge and resources to capitalize on Poolesville's historic heritage, which includes Civil War History, the Sugarland community, etc. By investing in these resources, we can help Poolesville "grow" without growth in size and development of the kind that would undermine our agrarian, small town identity. Wouldn't it be amazing if we became a day trip or weekend destination for history buffs, antique hunters, etc. and had the small businesses to support those visitors who came to escape from urban and suburban sprawl?	1/22/2022 6:08 PM

1	There is plenty of housing stock in Gaithersburg, Germantown, and Frederick. Keep Poolesville a real town.	2/20/2022 12:02 PM

3	No more houses!!	2/17/2022 10:21 PM
4	Affordable housing is a huge problem. We should be part of the solution.	2/11/2022 3:02 PM
5	There needs to be a nice mix to bring the town to the right population numbers for sustainability ie more public services, business development. More of a real town not a bedroom community	2/4/2022 10:17 PM
6	the town's infrastructure is already overwhelmed	2/4/2022 4:06 PM
7	I oppose more houses, but if they are to be built, I'd be fine with the ones I clicked "supported."	2/4/2022 10:18 AM
8	I have not researched the different options listed here so I am not well informed of the pros/cons. My answers are based on gut reaction but could change as I become more informed.	1/31/2022 7:17 PM
9	No additional housing other than senior housing/assisted living.	1/27/2022 5:54 PM
10	Before any new townhouses are considered, the old townhouses should be replaced en masse	1/27/2022 2:41 PM
11	Town missed an opportunity to develop Willshire property for its businesses previously, but should now revive the previous plan.	1/27/2022 9:58 AM
12	Any future housing or buildings (community center, school, public buildings, retail) needs to be net-zero. No new gas lines, highly energy efficient, EV ready. Energy producing if possible.	1/25/2022 8:57 PM
13	There's plenty of housing already considering the town character, schools and water runoff capacity. There's plenty of high density, more affordable housing elsewhere in the county.	1/25/2022 4:30 PM
14	bring back a town dump	1/25/2022 1:16 PM
15	If you're building more houses development, then the roads need to be extended to be bigger	1/25/2022 12:02 PM
16	Not enough description of terms to make good decisions on this section ie: support for apt bldg. Are you talking about a 4 unit bldg or 20 units? Makes a difference to water supply etc. What's a large lot? What's a modest lot?	1/24/2022 8:08 PM
17	Quit developing up here.	1/24/2022 6:47 PM
18	I am not opposed to single family homes on modest lots. The problem with the cluster designs such as Clarksburg, Urbanna and the Kentlands is what they do with the streets. They are more narrow and the parrell parking provided is marked so that half a car's width is into the driving lanes therefore reducing the two way passage down to 1 1/2 lanes. Very difficult for commercial vehicles to use. IE: School buses, delivery trucks, Trash services, Emergency	1/24/2022 4:48 PM

vehicles. Homes need to have adequate off street parking and the homes themselves need to include storage room for the family so people will STOP using their garages as store rooms! The smaller lots must also provide room for sheds since a home will require the acquisition of lawn care and other essential equipment!!

19	Many of my opinions depend on where they would be built. Putting a 100 town homes by Whalen Commons -no thank you. But a small number of homes there, why not.	1/24/2022 4:42 PM
20	redevelop what isn't working. turn old bank into senior facility/apts. somehow. redevelop & leave the untouched land UNTOUCHED!	1/24/2022 3:32 PM
21	Poolesville should grow at a measured pace. Income diversity (and rental properties) is a good thing, but having several hundred unit apartments or condos feels like it would change the population density of Poolesville in a very different way. Supporting seniors is also something that we all should do, but if I were thinking about living here as a senior, I am not sure I would want the lack of proximity to healthcare that is the current Poolesville reality. I ultimately said no opinion because maybe there would be some interest that I am unaware of.	1/24/2022 3:27 PM
22	We don't have lot more room for growth so I'd focus on what we currently don't have and that would be single level starter size moderate price home , more livable for seniors, person with ADA needs, first time home buyer and financially accessible to moderate income neighbors	1/24/2022 2:18 PM
23	We need places for single people, couples, roommates, young adults to live.	1/24/2022 1:16 PM
24	We must decide what the town should be (small old town look, or modern upscale) the new TH recently built do not give me a clue of what our town is/was.	1/23/2022 10:06 AM
25	It is important that Poolesville diversify along economic lines. We are currently fairly high economic levels. Diverse economic levels makes a stronger community	1/23/2022 9:25 AM
26	Develop land within the town limits.	1/23/2022 8:04 AM
27	Keep poolesville small and green. Overdevelopment will ruin poolesville.	1/22/2022 4:21 PM
28	I only support the items above if they are LIMITED, taking our water, open space and infrastructure into account. I didn't move here for it to just become another overcrowded, charmless wasteland like so much of MoCo in the past 20+ years.	1/22/2022 4:02 PM
29	I feel like the development around town hall is inevitable but what it needs to be is smaller affordable homes for people starting out or downsizing.	1/22/2022 12:59 PM
30	I believe all future communities need sidewalks on both sides of the street. I think in the center of town you should have the mixed space with people living over stores, then affordable and diverse housing surrounding that, then large lot houses.	1/22/2022 11:29 AM
31	There needs to be more housing for people at various price points/life situations *but* in keeping with the town's character. Young folks can't afford most houses here and there are few options for our aging population as well. We could do something really innovative and serve as a model for other communities.	1/22/2022 8:49 AM
32	We have plenty of developments now. Need to accommodate people who have grown up in the area and want to stay. Need starter housing for young people. Need retirement and assisted living spaces for seniors to move into so they can stay in area.	1/22/2022 6:09 AM
33	The focus on development in Poolesville is misplaced. Most of the development that can occur has already happened. Now we have essentially two remaining parcels - Willard and Donovan - that need to be addressed. Willard has a basically good plan that includes a lot of public benefits, particularly connecting Whalen Commons with a path to the center of the old town. In addition, we are likely to face some real issues with the structural integrity and maintenance of many of the town houses in what is sometimes called "Summer Hill". They were built in the early 70s and many are in poor shape. We should be focusing on how to add the facilities other parts of the county have and that we deserve - such as a community center and grocery store - that will help to make us a self-sufficient and more vibrant community.	1/21/2022 2:54 PM
34	Poolesville seems to mainly support family units and nothing before or after	1/21/2022 2:13 PM
35	More diversity in house cost	1/20/2022 8:09 PM
36	I would like to see smaller homes required in new developments for young families to move to Poolesville.	1/20/2022 5:20 PM
37	Diversity in housing reduces risk to the town should the town ever lose it's high school magnet program(s). Never know. It's not good to be a one shot wonder. In addition, contrary to belief, entry level housing actually improves values of surrounding homes.	1/20/2022 5:20 PM
38	We absolutely do not need any lower income housing here! We already have plenty of that with the town houses and westerly and Wesmond developments!!!!	1/20/2022 5:16 PM
39	Need senior living options and more modest housing options. (Not \$600K + Housing)	1/20/2022 5:09 PM
40	With all the developing that's been going on it would be prudent to wait to see how the infrastructure bears up before embarking on new projects	1/20/2022 5:08 PM
41	Development is not "bad" but densely planned development will stand out as abnormal. Green spaces are important to Poolesville, so development that blends into that framework is important.	1/20/2022 4:55 PM
42	I think we need to encourage the townhomes that are rentals to be fixed up. That is one of the first things people see when coming to our town.	1/20/2022 2:45 PM

#	RESPONSES	DATE
1	Not sure it's reflected in my answers - but it would be nice to somehow (not sure how) address the tendency of people to leave after their children have graduated from high school. Also, better bus service is needed on weekends, especially if a senior center is built.	2/26/2022 5:06 PM
2	We need to work with the county to ensure the new HS & existing JPMS/PES become solar supported. We ARE the ag reserve. We need to maximize our ability to be carbon neutral & we need to teach our kids by example how to do whatever it takes to be "green" wherever possible.	2/25/2022 11:03 PM
3	Strive for an attractive streetscape. That new townhouse development just east of the elementary school has a big parking lot right on our main street; it doesn't give an attractive first impression of the center of town. We have parking lot after parking lot as you drive through our main street. We can't do much about the older businesses and developments, but as new project are considered, factor in streetscape before approving new construction.	2/22/2022 9:25 AM
4	Montgomery County Police sub-station	2/21/2022 1:22 PM
5	Poolesville should distinguish itself as a premier green community in the state of Maryland	2/21/2022 10:46 AM
6	STOP making the same mistakes of other towns across the region, and learn from towns that support small businesses and drive Agricultural tourism. Poolesville has a chance to be a livable town that supports the environment.	2/20/2022 12:02 PM
7	With this town needing a car to get to places, EVERY new house or place to live, NEEDS more parking. The townhouses don't have enough parking. Houses don't have enough garages or driveway space. Require any new development to provide a minimum of 3 to 4 cars spaces for the unit.	2/19/2022 7:34 PM
8	DISCOURAGE developers from coming to Poolesville.	2/19/2022 3:13 PM
9	Stay where we are - no more housing growth. Downtown is cute as it is.	2/19/2022 8:35 AM

13	Do not bring in apartment buildings. Do not turn Poolesville into an extension of Germantown, Clarksburg, Gaithersburg. Do not bring in low income housing. Do not build downtown with apartments or townhouses. Do not overcrowd our schools.	2/16/2022 9:40 PM
14	Ensure that multiple forms of transportation be supported, including bicycles and electric cars.	2/16/2022 9:26 PM
15	Don't ruin this town with over development.	2/16/2022 9:21 PM

20	Please add outdoor and indoor recreation and entertainment.	2/11/2022 3:02 PM

22	Poolesville	2/9/2022 1:42 PM
23	Do not let the rate of any development exceed the rates of road and water/sewer development!!	2/9/2022 8:16 AM
24	We should have a police office with hours where the community could meet with the police if necessary. It wouldn't have to be manned 24/7, but at least sometimes so we know who is supporting us.	2/9/2022 7:31 AM
25	Bike trails that don't need to share with cars desired - what about a multi-use trail through the Ag Reserve?	2/8/2022 7:59 PM
26	Maintain undeveloped spaces, no more large housing developments	2/8/2022 7:50 PM
27	Ensure any further development does not negatively impact the Town's ability to supply water from the aquifer and does not overburden the Town's wastewater treatment plant.	2/7/2022 8:02 PM
28	Read "Suburban Nation: the rise of sprawl and the decline of the American dream". Allow for accessory dwelling units and modest businesses to operate out of homes WITHOUT a lot of hassle to the owner. Relax some of the zoning restrictions in residential areas, like shed size.	2/5/2022 9:43 AM

Fix the trash problem. Current trash provider does a terrible job. Get the Beauty Spot back to accepting all kinds of waste, including used oil. Make it easy for residents to properly dispose of materials, otherwise you will get people dumping stuff on the roadsides. Shady Grove transfer station is NOT a solution. It is too far away and they are a hassle to deal with.

29	No more housing development	2/4/2022 11:14 PM
30	Include all the voices in town in the process beyond this survey, you people need to be included, young families, so we can move from bedroom community to real town. Make sure to include people from nearby communities such as Potomac, Germantown, Frederick, and visitors	2/4/2022 10:17 PM
31	Wish we could get a new high school instead of a renovated building	2/4/2022 7:40 PM
32	Fund sewer and water with appropriate level of user fees and get long term bonds, State grants to fix aging infrastructure	2/4/2022 2:34 PM
33	Please consider the needs of the aging population with Senior Living Options, a Community Center for Seniors and others and a Grocery Store which would be extremely good for Seniors.	2/4/2022 10:56 AM
34	Initiate & execute extensive walking & bike paths Stop this development NOW	2/4/2022 8:34 AM
35	- Development of Poolesville Town custom Mobile App. This will help with dissemination of important info, can have business Ads and all about the Town. - Installation of more Street lights with brighter bulbs. 59	focus less on building new homes and more on creating a unified vision for Poolesville; support non-chain businesses, community building, and historic preservation	1/27/2022 2:49 PM

the place for you and should be a consideration is choosing housing. Trying to change what's already here to suit you isn't appropriate when there's plenty of that access in other places. We don't need traffic, cement and 24 h access to alcohol and junk food.

66	May you have wisdom and courage as you make tough choices.	1/25/2022 4:05 PM

70	affordable housing is important and so is the environment. No more giant 800,000 houses which will wreck the air and suck up resources.	1/25/2022 8:49 AM
71	Keep the green areas as much you can	1/25/2022 12:18 AM
72	The main playground, dog park, and skate park on Wooton is monopolized by unruly teens much of the time. Not sure how to fix that, but it makes it unwelcoming for small children and dog owners.	1/24/2022 10:31 PM
73	Do you want Poolesville to retain its identity or do you want to become another restrictive, population dense, planned community?	1/24/2022 8:08 PM
74	Put a grocery store in the town. It's totally bull shit and poor planning to build all these McMansions in the ag reserve and be a food desert.	1/24/2022 6:47 PM
75	no more annexations to Poolesville from reserve	1/24/2022 5:39 PM
76	Poolesville should be resident friendly. We have a vacation home in Garrett County. You can call them with any question and they go above and beyond to help you navigate the county system. I'd love to see our town hall be more helpful to their residents.	1/24/2022 4:42 PM
77	Na	1/24/2022 3:35 PM
78	Our town staff is underpaid. Our Commissioners should NEVER be paid. The debacle of former TM Rivard was horrible & put a scar on this town in ways it will take YEARS to eradicate! Real Estate agents/mortgage loan folks should not be able to be President of the Commission (present situation excluded because Jim Brown was NEEDED now). But the conflict of interest is real & would be wrong to assume otherwise. However, those folks can still serve as Commissioners.	1/24/2022 3:32 PM
79	Did I say that we need a ferry?	1/24/2022 3:27 PM
80	Make Poolesville more walkable with wider sidewalks, add or improve recreational paths Restoration and renovation of historic buildings in town center. Turn Anytime Fitness parking lot into a community gathering place/park with tables, benches, trees and a water fountain. It would be a lot nicer than the ugly concrete parking lot right in the center of town.	1/24/2022 3:18 PM

84	Kind of losing that small town feel. Too many "modest-lot" houses going up. Too many chains are being allowed to build. They are keeping the small mom-and-pops out. Not what we came here for.	1/24/2022 2:40 PM
85	Need some sort of big feature (fill in the blank) in the town that delineates the Town's character. Can be historical but what sets the town apart from others.	1/24/2022 2:38 PM
86	To survive and thrive we must capitalize on preserving the Ag Reserve and our town being in it ,more moderately priced smaller starter homes, keep low density and maximize marketing here in town what's produced in the Reserve . In addition, adding an Agriculture program to the high school would be wise to do now as sustainable agriculture will be increasingly important over next decades and where better than Poolesville HS for that program	1/24/2022 2:18 PM
87	I understand that we need to offer some lower priced housing, for young people starting out and older people who simply do not want to own a house. One apartment building of maybe 20 units seems OK. But several apartment buildings containing a hundred units or more is too much. We do not have the roads to handle such traffic. And it would be too much stress on the supply of water.	1/24/2022 2:18 PM
88	It's outside of town, but the County remodeling and reopening the building at Owens Park would provide a close location for kids/teens/seniors activities.	1/24/2022 2:16 PM
89	I feel like there are too many weekend activities only for kids and not for just adults and seniors.	1/24/2022 2:05 PM
90	Street trees in neighborhoods need to be better selected. Varietals put in are not the best trees for the purpose.	1/24/2022 1:58 PM
91	Two very important topics were never raised by your survey: (1) Building a new high school while preserving a merit based magnet program, and (2) White's Ferry.	1/24/2022 1:57 PM
92	Grocery store Better shopping choices	1/24/2022 1:44 PM
93	Much of our appeal is our rural nature, proximity to farms, breweries/vineyards, historic sites, open space, and events like Poolesville Day. If we start to look like Clarksburg or Germantown we will lose that. There are challenges inherent with being and remaining a small town that we must accept and work with. The push to develop is ever present - especially with our proximity to DC and other urban-suburban influences. Future generations will thank us for holding steady to the small town ideal.	1/24/2022 1:16 PM

101	A new high school and then a renovated elementary school would be great. Some senior living options are needed too.	1/24/2022 12:15 AM
102	As a town we have to be strategic as how we move forward, there's no doubt that we need some sort of development commercially and residential, however we have to be extremely careful on how this is developed, we don't want to be the next Urbana. Also any commercial (business) should be kept away of the residential area independently on how wealthy you are.	1/23/2022 4:23 PM
103	Poolesville's senior population is now nearly 20% of the total. We need streetscapes and facilities that will support keeping them active and healthy.	1/23/2022 12:36 PM
104	The professionally prepared water report should be promoted/emphasized so that residents are made more aware of the science. I would bet that very few residents even know that it exists. lets rely on and promote science rather than agendas.	1/23/2022 12:05 PM

110	based on lists in this survey it seems like expanding more of what we have is being considered, but adding new and diverse options to our town is more important	1/23/2022 9:12 AM

112	Affordable housing will attract younger and more diverse people to this community	1/23/2022 8:34 AM
113	Talking to all my neighbors in westerly grove, grocery and whites ferry are our biggest concerns - the high school is doubling and a lot of families with kids are moving in - they prioritize grocery, kids activities, healthcare, diversity of restaurants and overall suburban life	1/23/2022 7:38 AM
114	This town is not good for non drivers. No resources here. Minimal public transportation. What about a shuttle to the Barnesville train?	1/23/2022 2:39 AM
115	Think Middletown, MD :) I think they are a good example of a small town feel with more business and vibe.	1/23/2022 12:37 AM
116	Keep the green spaces in town. More trees planted along Fisher Ave.	1/22/2022 10:15 PM
117	This is a small town and that should not change. Less million dollar properties and more housing for the people.	1/22/2022 4:26 PM
118	Water source is a concern. All of us pulling from the same aquifer yet the construction of large build outs continue.	1/22/2022 4:21 PM
119	Please, PLEASE do not overdevelop us and make us the next Clarksburg. The small town charm and feeling of being away from all the clutter is the only reason we moved to Poolesville. I fear that all these new housing additions full of McMansions are just the start of destroying what had made Poolesville special.	1/22/2022 4:02 PM

129	Thanks for all the fantastic items in this survey; however, I'd like to add one that seems "fluffy" but is actually quite critical: aesthetics. Can we make an effort to craft a town that is visually appealing and maybe historic-looking even if new builds? Sad to say, right now driving through is a mish-mash of too-vacant strip malls, businesses that don't care much at all about curb appeal, and some historic buildings. It wouldn't take much, just a vision to unify. And I feel tourism is an overlooked resource in a big way! Supporting local businesses and growth without taxing our water supply or diminishing open space—make Poolesville a destination!!!	1/22/2022 8:49 AM
130	The draw of poolesville is its small town character abs the preservation of farming and agriculture. Do not turn it into another Clarkburg or Leesburg	1/22/2022 8:21 AM
131	There is something to be said for thinking about ways to bring the polarized community back together after COVID, political strife, and racial injustice. While new parks and a vibrant downtown are awesome, it's important to focus on community.	1/22/2022 7:38 AM
132	Keep Poolesville rural. We have plenty of large housing developments in the area. Need to expand to have some housing to help keep our residents in the community as they age from high school to retirement and into old age. Many residents have to move out due to lack of housing to accommodate life changes. Better utilize the commercial space we currently have. The strips of stores we have now are eyesores. Let's make Poolesville a desirable place to live due to its educational and agricultural excellence. Keep it a quaint but vibrant town. Hopefully the current residents will utilize the areas resources and support our local business' and farmers so that Poolesville can thrive without over building housing or commercial sites.	1/22/2022 6:09 AM
133	We are 3rd generation in Poolesville, as our parents get older it would be nice if they could have a place to stay in Poolesville where we could help them out. Instead of having to go to a different town.	1/21/2022 11:04 PM
134	We should try to become more of a day trip/weekend destination for dc area residents by adding unique shopping and dining experiences	1/21/2022 10:43 PM
135	Thank you	1/21/2022 10:21 PM
136	I already did that in many other sections. I would only add that this survey is too Poolesville centric. Poolesville is the center of the Ag Reserve and most of us who live here care a lot about its future.	1/21/2022 2:54 PM
137	Please consider environmentally friendly builders. The new houses tend to be huge McMansions that are cheaply made (but sold for a lot) and not built to last generations. I think if we are going to keep building it should be as needed and small, and made with the environment in mind. Ex. Building the community center with bamboo and implementing solar energy on commercial spaces.	1/21/2022 2:31 PM
138	Amazing public art and gardens will attract visitors to the area	1/21/2022 2:13 PM
139	The community needs to annex the folks living in the ag reserve, it also needs more visionary and creative ideas to revitalize downtown, attract the businesses and workforce of the future, science and technology, young families	1/21/2022 1:59 PM
140	What about a small shuttle bus that would take people around town? From park to park, or from the edges of the subdivision into town?	1/21/2022 12:42 PM
141	Preservation of historical buildings if ALL sort .	1/21/2022 11:59 AM
142	I would love to see lights ont he baseball field at Steven's Park, and maybe at Halmos as well. As a PAA coach, especially in the fall, it is very difficult to fit in enough practice time due to darkness.	1/21/2022 10:51 AM
143	Any new initiatives by the Town government should include the question of sustainability and climate change as they impact the community.	1/21/2022 10:17 AM
144	Need a large community center for activities, sports and community meetings for kids, teens, adults and senior adults	1/21/2022 9:07 AM

149	Cut back on so much liberal/communist/socialist governing. Less government. Just because Poolesville is in Montgomery County doesn't mean it has to act like a communist town. Break the mold Poolesville!!	1/21/2022 1:45 AM
150	Would like to develop our property on Cattail Road - consider stepping stone Retirement, Assisted Living, Skilled Nursing facility.	1/21/2022 12:34 AM

152	Continuing the feel of a close knit community is essential to the character of the town.	1/20/2022 11:02 PM

Poolesville Comprehensive Plan Community Survey

156	Please prioritise improving the quality of life and opportunities for the existing residents over continued new development. There has been much housing development over the last decade or so, and a period of relative stability would be beneficial for the community as a whole, allowing the town to retain its characters as a small, rural community.	1/20/2022 10:09 PM
157	Poolesville is a wonderful, family-oriented town that could use some growth to support businesses in town but the growth should carefully considered so it meets the needs of new families and families who need to downsize from the large single-family homes that dominate Poolesville.	1/20/2022 9:51 PM
158	Pay attention to what the people want not what the commissioner s think. There also should not be so many ethical questions always raised about the commissioners. The commissioners should resign if they are always accused of the same infractions. Perception is important.	1/20/2022 9:24 PM

160	No more housing development	1/20/2022 8:20 PM
161	Preservation of trees and farmland	1/20/2022 8:15 PM
162	The town should not be building big housing projects because it's an in and out situation. Most families move out from town when their kids go to college. So there is a house for a family that wants to move to town. It happens all the time. You can get the information in any realtors page. I used to live in Germantown when it was a small town. The overgrowth is destroying Germantown. Now crime is bigger than years before. Don't let that happen to the beautiful Town of Poolesville.	1/20/2022 8:13 PM
163	We need to attract builders who will build green homes for all price points. Capitalize on the amount of cyclists who seek the town out by welcoming them. More restaurant options for all price points.	1/20/2022 8:09 PM
164	One of the top priorities is to get the ferry back open as it brings tourism to the town and supports local businesses. A community center would also be nice. I would like to see thoughtful development of the business district. Restaurants and perhaps a small grocery store. Look at the grocery store called French and Brawn in Camden, Maine or Thomaston Grocery in Thomaston, Maine as examples of what might work for a grocery store.	1/20/2022 7:53 PM
165	Who are we trying to be? We need an actual commercial abs town plan tgg hi at is forward thinking abs environmentally sound	1/20/2022 7:44 PM
166	Expand local business!	1/20/2022 7:34 PM
167	As a business owner, getting people to visit Poolesville is really key. It's difficult to thrive on the community alone financially.	1/20/2022 7:09 PM
168	I have heard that the reason we have so many empty businesses is because many of the commercial spaces and buildings are owned by "non locals" who charge exorbitant rent. Are there any steps the town can take to help reduce the incidence of empty commercial spaces? Should the town purchase available spaces or try to find money to help subsidize a business who keeps the rents more affordable? How can we prevent this in the long term?	1/20/2022 7:06 PM
169	I'd like to see sidewalk from intersection of Fischer/W Willard down to High School. It's a safety issue.	1/20/2022 6:48 PM
170	Keep out any more Dollar General/McDonalds/Baskin Robins/7-11 and promote successful local businesses such as Locals and K-2 Cafe.	1/20/2022 6:42 PM

173	As the owner of a historic home, of course I want to see additional support for historic buildings. Bit I also want to see affordable housing and planning that supports all people.	1/20/2022 5:45 PM
174	Have the county build a new up to date high school on a larger campus (such as further down the road closer to the golf course), Turn the existing high school site for the middle school, move the elementary school into the existing middle school campus and turn the existing elementary school campus to house a complex of the community/senior center, library, medical urgent care facility	1/20/2022 5:41 PM

182	Please look at compensation for Town Commissioners so that there is more interest.	1/20/2022 5:20 PM
183	Do not bring any more public transportation in here or any more low income housing! That will be the end of Poolesville as we know it!	1/20/2022 5:16 PM
184	There's so much fuss and worry over the ferry. It would be great if it reopened, but we have to plan for a future where it does not. Poolesville needs to be the destination, NOT the ferry and beyond. Restaurants, businesses and recreational facilities will go a long way toward attracting visitors for the town.	1/20/2022 5:11 PM

191	Please avoid putting in any traffic lights, consider roundabouts etc. enhance support for local businesses. Please support the schools to keep the magnet program here. Keep the events on the commons in the summer, create some kind of gathering place for indoor, maybe consider an ice rink for multi use.	1/20/2022 4:25 PM
192	Keep the farmland and wooded preserved areas	1/20/2022 4:19 PM
193	Groceries and kids activities would be great	1/20/2022 4:09 PM
194	The town needs more residential development if local businesses are going to survive. In the last 5 years, Mooeys, Zaglios, Watershed and Bassets have all shut their doors because there simply isn't enough people in the area to support them.	1/20/2022 3:28 PM
195	Commercial space use	1/20/2022 2:59 PM
196	Curious on what is going on with the property near town hall. Seems like there has been talk of a mix use development.	1/20/2022 2:57 PM
197	Please do what is in the town's best interest and do not feel pressured by residents who do not want change. We have older teens, so most of what the town will be able to offer isn't for our family, but that doesn't mean we need to discount bringing in new life. We shouldn't cater to a small section of town who holds on to the 50/60/70's version of Poolesville; time marches on and we must march with it.	1/20/2022 2:55 PM
198	A variety of housing is important. It's nearly impossible for a young family to move to Poolesville unless they are able to find a rental townhouse, and those are often in terrible disrepair. (I say this as someone who lives in the older townhomes). We need to continue to be supportive of our small businesses. We also need to continue to fight for the return of Whites Ferry.	1/20/2022 2:54 PM

200	I just feel we have a lot of buildings that are empty. Put them to use somehow.	1/20/2022 2:45 PM
201	Wootton and Fisher and Elgin streetscape. We need a better plan for that. Also, the ability to want to stay in Poolesville. I grew up here but when I first got married and had a family it was hard to get back in town. We seem to go through phases of either no houses available or only very large and expensive houses available. Also, hard to retire and keep a presence here. Smaller more affordable houses or a senior community would be welcome.	1/20/2022 2:43 PM
202	I lived in Montgomery County for 50 years. I remember when Potomac had horse farms and goats. Now it just houses it has lost it the what made it special. It is time to stop the loss of open space and save what is left of our rural community.	1/20/2022 2:42 PM
203	Higher taxes so pay workers	1/20/2022 2:36 PM
204	No more building - unless it is for our seniors looking to downsize	1/20/2022 2:33 PM
205	The Town hides behind phrases like "heritage" and "culture" which are meaningless (thankfully) to the coming generation of residents/homeowners. Plan for development that is sustainable and that will appeal to them - not us. We cannot remain an outpost from the rest of the County and expect to thrive.	1/13/2022 11:01 AM
